Love to treat a nigga to a stingin lobsta,
Now a nigga owe him a million dollars,

Serve the junkies, then ride ashantis

What's the bombaglats my trap-spot,
Dreadlocks and rastas,
Rude boys and rude girls,
Jamaican mobsters,
I shot the sheriff, smokin Bob Marley,
All of this ecstasy is killing me softly.
Turgo and curry,
Mid-grade so pretty,
This spots my x-spot,
Can't dodge the red dot,
Smoking the lala,
Can't get no higher,
where is me iya?
She sends me fire,
Where is me lighter,

Look at me ice-uh,
Step up your neckpiece,
I like your wife-uh, I pack a rifle, I loves me life-uh,
Put up your hands before, I put up my rifle.

When I see my plug this how I talk to em
And when I serve my folks this how I talk to em
When I'm with my dawgs this how I talk to em
It's gucci mane la flar I'm finna talk to em

What's up nigga, wut it do?

Half a chicken, whole chicken, quarter chicken
What it move?
Bentley Coupe on bentley shoes,
Hell na them ain't 22's,
Still keep coke in inner tubes,
Plotting on my next buissness move,
26 inch tennis shoes,
Old school - paint it maserati blue,
Brought my gun, but forgot my roof,
Pulling up with your baby boo,
Ooh, ooh, it's you know who,
It's nascar, baby, what is you gon do,
Looking for somethin' thick I can screw,
Paint change, and my diamonds, too.
Trap nigga watch what I'm reminding you,
My grill and ring be blinding you,
If you a stubborn artist I'm signing you,
I'm still the same nigga that be shining too,
Trap nigga, watch reminding you,
My grill and ring be blinding you,
If you a stubborn artist I'm signing you,
I'm still the black nigga that be shining too, bitch.
