Wizzop

Fuck that nigga, look at this nigga wrist  
I'm a project nigga with a rich nigga dick  
I got a hollywood smile, but I'm from zone 6  
I stunt so fuckin' hard I'm on my own dick  
Baby think that she the shit because her man play for the Knicks  
But my bitch keep turnin' up cause her man pay for the bricks  
If she make me cum real quick, I give the bitch a stack  
Here's a rack for you, a rack for her, give everyone a rack  
I'm a gentleman, a gangster, and a motherfuckin' player  
You a square, I'm La Flare, yeah the Multi-Millionaire  
Million here, million there I got millions everywhere  
All these rappers are my kids so I got children everywhere  
Wop

These bitches wanna fuck when they see the 'Wop  
The club be goin' up, when they see the 'Wop  
We pilin' hoes in the truck, when they see the 'Wop  
These niggas put they jewelry up when they see the 'Wop  
You know some shooters on the bus, when you see the 'Wop  
You know these girls start actin' up, when they see the 'Wop  
You know these boys start actin' tough, when they see the 'Wop  
The baddest bitches leave with us, when they see the Wop

Baby say she wanna come stand where the G's at  
She gotta nose for it, she know where the cheese at  
But all that attitude you brought you need to leave that  
Fuckin' me's a privilege, I don't really need that  
I can feed you bitch but I don't need the feedback  
Just tryna chill and get some head and lean my seat back  
Most of these niggas broke, I know you probably peeped that  
But if I said I had ten mill' would you believe that  
Think I'm the realest man alive I do believe that (its Gucci)  
I'm leavin' Onyx with two hoes that dance at Magic  
I drop my top in less than two seconds, its magic  
And if I don't make a mill' this month, then it's tragic

These bitches wanna fuck when they see the 'Wop  
The club be goin' up, when they see the 'Wop  
We pilin' hoes in the truck, when they see the Wop  
These niggas put they jewelry up when they see the Wop  
You know some shooters on the bus, when you see the Wop  
You know these girls start actin' up, when they see the Wop  
You know these boys start actin' tough, when they see the Wop  
The baddest bitches leave with us when they see the Wop
