

Ester's Day

Guided by Voices

Jimmy was a fly
Got sucked in by an actor
And wrapped in a cocoon
And skin-tight buffoonery
Now heres the plan...

Scene from esters day
Of running backward courses
With a horse of different forces
Lying wings of films
That seem to never see the screen
Couldnt bear to face their dreams

Down and out
Couldnt bear to shout it out

Brought up on the road
A sparkle shiny diner
Is the home for wayward minor
In a flying car that seems
To whisper in an ear
Lets just go get out of here

Down and out
Couldnt bear to shout it out

Down and out
Couldnt bear to shout it out...
