

I Certainly Hope Not

Guided by Voices

The tension was pretty tight
leave you hangin without a fight
Give it all up cause theres no living in
the world of Artic
no giving, acquitting (are you quitting)
{chorus}
I certainly hope not ohhh noooo(*3)
ohhh ohhhh
There's so many things people say
just to help give it away (but get in the way)
I won't try to figure things out
it's complicated so when doubt (I did)
I start crying
stop lying (trying)
{chorus}
Attracted to the light
Everything will be alright (Where everything with you - all right)
Attracted to the light
Everything will be alright (Where everything will be)
Attracted to the light
Everything will be alright
