

## I Certainly Hope Not

Guided by Voices

The tension was pretty tight  
leave you hangin without a fight  
Give it all up cause theres no living in  
the world of Artic  
no giving, acquitting (are you quitting)  
{chorus}  
I certainly hope not ohhh noooo(\*3)  
ohhh ohhhh  
There's so many things people say  
just to help give it away (but get in the way)  
I won't try to figure things out  
it's complicated so when doubt (I did)  
I start crying  
stop lying (trying)  
{chorus}  
Attracted to the light  
Everything will be alright (Where everything with you - all right)  
Attracted to the light  
Everything will be alright (Where everything will be)  
Attracted to the light  
Everything will be alright
