

It's Like Soul Man

Guided by Voices

i never liked you until i
took a good look at myself
and when i saw you there
i saw the best part of me was your soul
it's like soul man
it's like soul man
i never liked you until i
took a good look at myself
when i saw you there
i saw the best part of me was your soul
it's like soul man
it's like soul man
it's like soul man
it's like soul man
it's like soul man...
