

# Lethargy

Guided by Voices

Are you happy, happy today?  
Is your face, facemask on?  
For the air is thick and the clouds are moving so slowly

There a book of instructions to the rusty time machine  
that goes uloe  
From really nowhere  
I wish I could give a shit  
Just a little bit  
What the difference?  
Hey lethargy, lethargy, lethargy, lethargy, lethargy, lethargy,  
lethargy
