

What About It?

Guided by Voices

Now and then it's a way out life
Yes indeed, it's a strange effect
A couple o' brothers with a jar full of oil
Said, "Grab it quick before it spoil"

What about it?
What about it?

Time is money if not well spent
Ain't no doubt it takes practice
To reprogram that static jive
And fly away like Grandfather Five

What about it?
What about it?

We're finding time for wasting time
