

## Stand In Line

Gun

You make me wanna rise  
You make me wonder why  
No-one can hold your hand

We've lost our self control  
We've got no way to go  
You'll never take our pride

Ohh Ohh Ohh I won't stand in line  
I said Ohh Ohh Ohh I won't stand in line

You built this world of lies  
You made us sacrifice  
You tried to bring me down

You cause this pain inside  
I know you've got no right  
You tried to rule my life

Ohh Ohh Ohh I won't stand in line  
I could never look up to nobody like you no  
I said Ohh Ohh Ohh I won't stand in line  
And I'm doing alright so get out of my life  
I said Ohh Ohh Ohh I won't stand in line  
Can you see, can you see  
That I'm everything you'll never be

Could you come back, come back, come back

Ohh Ohh Ohh I won't stand in line  
Never thought of looking up to nobody like you  
I said Ohh Ohh Ohh I won't stand in line  
Can you see, can you see  
That I'm everything you'll never be

Sometimes I get so blind  
Sometimes I sacrifice  
Sometimes I take that chance  
It makes me wonder why  
You got to take a chance  
You cause the pain inside  
I only want what's mine  
You built this world of lies  
You made me sacrifice  
You tried to bring me down
