

Brighter Day

Gungor

At the start there was love
And life began in Him
Creation falls, Creator gives
The promise of a better day

We are not there yet

Let it come, let it come in
Love is here, Love is coming
Heaven is breaking open
Heaven is breaking open

Love came down and hope was found
Life began again
A brand new start
Yeah a brand new start
The promise of a brighter day

We are not there yet

Let it come, let it come in
Love is here, Love is coming
Heaven is breaking open
Heaven is breaking open

Let it come, let it come in
Love is here, Love is coming
Heaven is breaking open
Heaven is breaking open

Love came down and hope was found
Now we're waking up to a brighter day
Oh brighter day brighter day
Oh brighter day brighter day

Oh brighter day
We'll see a brighter day
