

Church Bells

Gungor

Let church bells ring
Let children sing
Even if they don't know why let them sing
Why drown their joy
Stifle their voice
Just because you've lost yours

May our jaded hearts be healed
Amen

Let old men dance
Lift up their hands
Even if they are naïve, let them dance
You've seen it all
You watch them fall
Wash off your face and dance

May our weary hearts be filled with hope
Amen
