

## Dry Bones

Gungor

my soul cries out  
my soul cries out for you

these bones cry out  
these dry bones cry for you  
to live and move  
only You  
can raise the dead  
lift my head up

Jesus, You're the one who saves us  
Constantly creates us into something new  
Jesus You're the one who finds us  
Surely our Messiah will make all things new
