

## **Vous Etes Mon Coeur (You Are My Heart)**

**Gungor**

Where have you hidden yourself oh my beloved  
You fled having wounded  
I pursued but you had gone

In search of you my darling I would scale the highest clouds  
Scour wooded valleys, roaring torrents whispering gales

Vous etes mon coeur

When you first regarded me  
Your eyes filled me with grace  
Thereby again my eyes  
Merited to adore you

Vous etes mon coeur
