

# Black On Black

Gunplay

[Hook: ace hood]

Okay now guess who's back  
In a black maybach  
With a black card on me better know it's straight like that  
My nigga we black on black, black on black  
My rolex gold, but no my strap all black  
My nigga we black on black  
Flag all black  
Put it all on that  
My niggas gon' ride for a fact  
Yeah homie we black on black, black on black  
One thing that's fact: i'm rich and black

[verse 1: gunplay]

I put black on the paint  
I whip white in the sink  
I put work on the pipe  
I ain't scared of handcuffs and links  
Only thing that petrify me is no money and paint  
I'mma chevy out there sprayin' bitch, i'll jail bite the crank  
I'm a shark out the tank, i don't bark i just bite  
Keep that k all day, don't walk up on me i'll put that knife  
All gold dayton spokes strokin' the pavement slow  
I did that ho a favor and she paid me back in throat  
I took the kitchen, they wasn't cuttin' the loaf  
Butcher knife on the shelf like,
