

# If the World

Guns N' Roses

If the world would end today  
And all the dreams we had  
Would all just drift away  
You know there's nothing more to say  
if the world would end  
And our love slipped away

I never knew the way that you look at me  
Would ever mean so much to me  
But in my heart I found  
The feelings that I've never shown  
And now they've  
Got the best of me

If the world would end today  
then all the dreams we've had  
Would all just drift away  
You know there's nothing more to say  
If the world would end  
And our love slipped away

Oooh,  
La la ...  
La la ...

I never thought all the love I was lookin' for  
Could ever be so close to me  
But you're the only one  
I have ever loved that has ever loved me  
And now you've got the best of me

If the world would end today  
And all the dreams we had  
Would all just drift away  
You know there's nothing more to say

If the world would end today  
And all the dreams we had  
Would all just drift away  
You know there's nothing more to say  
If the world would end  
And our love slipped away  
If the world would end  
And our love slipped away
