Live and Let Die

Guns N' Roses

When you were young and your heart was an open book You used to say live and let live you know you did you know you did you know you did But if this ever changin in which we live in Makes you give in and cry Say live and let die Live and let die

What does it matter to ya
When ya got a job to do
Ya got to do it well
You got to give the other fella hell

You used to say live and let live you know you did you know you did you know you did But if this ever changin in which we live in Makes you give in and cry Say live and let die Live and let die
