Wanna trust you babe (trust me)  
Trust me I love you  
Trust me I need you  
Trust me I want you  
Trust me..

Baby why don'tcha honey why won'tcha  
accept the fact that it's not just the knack  
that I care, so please let me share  
special moments, moments so rare  
Check it out, if I could give you the world, you know I'd do it  
Everything at your feet - ain't nothin to it  
But it's hard sweetheart, and it's rough out here  
but I doubt there, is anybody else for me

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..  
Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

Mmm the things I feel, they are for real  
I'm past the point of dwellin, on the sex appeal  
Mad chicks sweat me, but I desire your womanness  
Dude sweats you, but I'm the best  
Listen, we could build a future together  
No doll and I would never soup you ever, never  
I'm buggin out, over the thought of you leavin  
Tried to step to you, but now you're retreatin

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..  
Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

I do believe you do care  
To tell you the truth, I am scared  
Some freaky people out there  
You know?

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

I sent you flowers and, I sat for hours and  
contemplated, the state of our affairs and I find there  
is no way out I'm in a love lock  
The funny thing about it I don't wanna even stop, so

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..  
Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

So now you know the flavor  
It's not about the stuff I gave ya  
and my behavior is based on strong  
feelings I have, of you and me, it's like a bond  
A treasure, not to be corny but word  
I wanna give you all the joy that you deserve  
I know we argue, sometimes I start to annoy you  
But we should never ever, try to destroy two  
hearts joined, intertwined with a passion  
Give me a chance love, that's all I'm askin  
and furthermore, you can be sure that I'll do  
every little thing you need, yes it's true  
I'm not desperate, but I'm the one for you

Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..  
Trust me, I love you  
Trust me, I need you  
Trust me, I want you  
Trust me..

Love is so risky y'know  
I want you to do and show  
me all of you openly  
Honestly..
