

Barrel Of A Gun

Guster

4x

I know a movie star, I've got her plastered to my wall
Just like we're dear old friends, like she already knows me

(zde B hrát jako intro Bmi atd)

She's perfect as she seems, lifts me right out the Mezanine
I finally fell in love, I've been waiting forever

R

Four, three, two, one, Went out the barrel of the gun
Keep my head weight (way?) down Stand, I'll stand
Half dead and half numb
She's enough to make me warm
It's all so safe and sound

Lie back and fast asleep, if you could see what I could see
Drip drop a lovely dream

(1 kytra hraje se pořád B, ale v pozadí jsou znovu akordy jako při sloce při intru)

God damn you movie star, can't you just play a minute more
We'd be the best of friends, you could stay here forever

R

Four, three, two, one, went out the barrel of the gun
Keep my head way down stand, I'll stand
Half dead and half numb
She's enough to make me warm
It's all so safe and sound

She will be sweet on me, just like a mystery
It's not so hard to see if I'm not mistaken
She comes from far away, and gets closer everyday
And all that I can say is that she's all I want and all that I live for

Four, three, two, one, went out the barrel of the gun
Keep my head way? down stand, I'll stand
Half dead and half numb
She's enough to make me warm
It's all so safe and sound
