

Careful

Guster

4capo

And you walked out when I asked you to stay
As usual you will get your way (nebo)
You closed the door and shuffled down to the street
Where you wring your hands and drag your feet

Where the words can't find you
To crawl inside you

I'm ringing all the warning bells
Careful or you'll hurt yourself
Others lie, lie, lie, they adore you
I'll be the one to tell
Careful or you'll hurt yourself
Gonna try, try, try till the morning comes..

But you can't hide standing under these stars
They know everything, they know where you are
You're in your head, you're all turned around with it
And they're shining down their light to bring you back again

Back where I can find you
To crawl inside you

I'm ringing all the warning bells
Careful or you'll hurt yourself
Others lie, lie, lie, they adore you
I'll be the one to tell
Careful or you'll hurt yourself
Gonna try, try, try till the morning

All you want to see
is make believe it's nothing
But way down underneath

I'm ringing all the warning bells
Careful or you'll hurt yourself
Others lie,blie, lie, they adore you
I'll be the one to tell
Careful or you'll hurt yourself
Gonna try, try, try till the morning
