You have learned in time that you must be cruel.
I'll have to wait to get the best of you.

R
Poisoning everything you say.
Don't you don't you...

either way?

You were almost kind. You were almost true.
Why give away that other side of you?
Happens every time so it must be true.
Step on a kid, he'll grow up hating you.

R
Poisoning everything you say.
Don't you don't you...
Wonder what difference does it make,
either way?

Were you ever kind? Were you always cruel?
Who's ever seen that other side of you? either way
Happened every time so it must be true.
Where did you learn it's either him or you?

You were almost kind. You were almost true.
Don't let me see that other side of you.
You have learned in time that you must be cruel.
I'll have to wait to get the best of you.
