Rainy Day

Guster

```
I will dig a hole
Save my pennies for a rainy day
I will dig a hole
Savin pennies for a rainy day
I'm not scared
I will build a wall
Sensing trouble from a mile away
I will build a wall
Saw it comin from a mile away
I'm not scared
I'm not scared
Try when your inside's out
I don't even try, I know I have seen the best I'll have
I don't even try
I will just play dumb
I won't hear a single word that's said
I will bite my tongue
Never sing another song again
I'm not scared
I'm not scared
Try wearing my insides out
I don't even try, I know I have seen the best I'll have
I don't even try
Never been one to take my chances
I don't even try
Clouds are comin
Air get's heavy
Looks like trouble on a rainy day
Sun starts sinking
Can't see my shadow
Looks like trouble on a rainy day
Holes uncovered
Walls will crumble
All spells trouble on a rainy day
```
