

Satellite

Guster

(2x)

Shining like a work of art
Hanging on a wall of stars
Are you what I think you are?

R
You're my satellite
You're riding with me tonight
Passenger side, lighting the sky
Always the first star that I find
You're my satellite

Elevator to the moon
Just a little favorite tune
Trying to get a closer view

R
You're my satellite
You're riding with me tonigh
Passenger side, lighting the sky
Always the first star that I find
You're my satellite

2x

Maybe you will always be
Just a little out of reach

Solo:

R
You're my satellite
You're riding with me tonight
Passenger side, lighting the sky
Always the first star that I find
You're my satellite
