

## Food Storage

Guttermouth

I started drinking at a quarter to 4  
Half past eight I'm out on the floor  
I saw her walking right in I said  
Keep on goin man I don't give in  
Next thing you know I'm back  
I gotta make my move, precious attack because  
I gotta thrill from the hurt and kill you know  
Mommy said don't take that pill, well  
Mommy said life ain't all thrills and  
Mommy said don't play with fire  
Guess what mommy, I like that fire!  
I chat her up and drink some more  
12:15, my mind's a blur but  
Beauty and beast have made a connection  
I got the fever and I need her injection  
Come last call, we gotta go  
Back at her place, I don't know then  
I knock the candle over, start a fire  
She lost it all I called it fate  
I guess there won't be a second date - damn!  
I guess there won't be (3X)  
Burnin up (2X)  
I never caught her name  
Burnin up (2X)  
Disfigured now she's mamed  
Burnin up (2X)  
I hope that she forgets me  
Burnin up (2X)  
Don't want to say I'm sorry  
Burnin up (2X)  
Messed up our little party  
What you gonna do? (2x)  
Burnin up (10X)  
I never caught her name  
Burnin up (2X)  
Disfigured now she's mamed  
Burnin up  
Burnin up  
I hope that she forgets me
