

## Give Me A Gun

Guttermouth

Give me a gun cause cause bombs and guns are really fun  
I've lost my job my moneys gone live like a slob  
I've got no home only streets to roam live so alone  
I'm barely alive I feed on cats to survive

My wife left me my kids are dead  
All this guilt is in my head  
I can't go on living like this  
I wish that I was dead I wish

Give me a gun I'll kill a nun just wait and see  
Give me a gun I'll shoot a cop to be on TV  
Nothing could be more fun than a shooting spree  
Once again I found myself back on TV

Guns are fun so much fun neato fun, fun, fun  
Better run I got a gun  
Come on down and join the fun
