## **Second Dui**

## Guttermouth

sound a little tongue tied
better swallow your pride
cuz you cant find a ride
when you drink like a fish
maybe you should not drive
ill toot my horn as you pick up trash on the round a bout
for the next six months
with your ass spread wide

well you got no class
speed up to pass as your face hits the glass
two burned out cars on the five overpass

you will see your girl through the jail Plexiglas drunk punk mini smart ass ill wave to you as your bus drives passed

and now amandas calling time to hitch a ride lights flashing in me mirror its me second dui

left your parents nest from the old midwest you were second best put yourself to the test

ty and five friends had enough of the old incest and when he hear this im sure he will protest that little pest and he shaves his chest
