

Under My Skin

Guttermouth

You're under my skin like needles and pins
You really start to bug me
But there is no end
You're a bad bad drug
Like the one you're hooked on
Trying to addict me but something's gone wrong

You're under my skin like needles and pins

You're a pea brained monkey that shouldn't have a name
You want to be a psycho, want to cause some pain
Why do you want me 'cause I don't want you
Why do you hang around when you know that I don't like you?

You're under my skin like needles and pins

Through my skin, in my veins
From my arm into my brain
You cause me nightmares but cause no pain
It's only because I know your game
