

Ain't No Trouble to Me

Guy Clark

Baby don't let 'em blow smoke up your dress
Don't let 'em break your heart
Don't start thinkin' that life's a mess
You've done just fine so far

When the ways of the world start getting you down
And you're all out of repartee
If your smile turns to a frown
It ain't no trouble to me

Trouble be gone, trouble be damned
Love be trouble free
Come on home any old time
It ain't no trouble to me, ain't no trouble to me

I got a shoulder with your name on it
If a tear come to your eye
I got ears to hear anything you fear
And a tongue will not lie

Yeah, I'm gonna love you till the day I die
That's a guarantee
Tomorrow be another day
It ain't no trouble to me

Trouble be gone, trouble be damned
Love be trouble free
Come on home any old time
It ain't no trouble to me, ain't no trouble to me

I said, "Trouble be gone, trouble be damned
Love be trouble free
Come on home any old time
It ain't no trouble to me, ain't no trouble to me"
