

# My Favorite Picture of You

Guy Clark

My favorite picture of you  
Is the one where you're staring  
Straight into the lens

It's just a Polaroid shot  
Someone took on the spot  
No beginning, no end

It's just a moment in time  
You can't have back  
You never left but your bags were packed  
Just in case

My favorite picture of you  
Is bent and it's faded  
And it's pinned to my wall

Oh and you were so angry  
It's hard to believe  
We were lovers at all

There's a fire in your eyes  
You've got your heart on your sleeve  
A curse on your lips but all I can see  
Is beautiful

My favorite picture of you  
Is the one where  
Your wings are showing

Oh and your arms are crossed  
Your fists are clenched  
Not gone but going

Oh a stand up angel  
Who won't back down  
Nobody's fool, nobody's clown  
You were smarter than that

My favorite picture of you  
Is the one where  
It hasn't rained yet

Oh and as I recall  
That came a winter squall  
And we got soaking wet

A thousand words  
In the blink of an eye  
The camera loves you and so do I
