

## Worry B Gone

Guy Clark

Gimme just one more puff Of that worry b gone  
I'm planning on feelin' much better Before too long  
I gotta world of trouble I need to forget  
I'm on my way But I ain't there yet  
Gimme just one more puff Of that worry b gone

Everywhere I look Trouble is all I see  
I can't listen to the radio And I hate TV  
Trouble with the air Trouble with the water  
People ain't treatin' one another Like they oughta  
Gimme just one more puff Of that worry b gone

I don't want to hear no preachers preachin'  
No more politician bitchin'  
All of them songs about love gone wrong  
Got me wonderin' where my baby's gone

I can't suffer fools wastin' my time  
Don't give me no advice that rhymes  
Hey gimme just one more puff of that worry b gone

Don't gimme no shit just gimme a hit  
I'm smokin' all day and I can't get lit  
Don't gimme no guff, gimme a puff  
You know how I love that stuff  
Gimme just one more puff
