

# Come Home with Me

Guy Sebastian

Yeah, I'm sure that it's not the whiskey making me dizzy  
Who knows? Who knows?  
It's time now to put down my glass so  
This is my chance so, here it goes, here it goes!  
You may think my lines are bad, and  
Throw my number in the trash  
But I can't let you get away  
So I won't leave until I say

Come home with me,  
Not just for tonight, but maybe for life  
We'll see!  
Come home with me,  
'Cause I just can't shake this until I'll make you see  
So come on, ho-ooooome home with me  
So come on, ho-ooooome home with me  
COME HOME WITH ME!

Sometimes we're not in control,  
You got to hold on, just take a ride  
'Cause what if, what if tonight is the first night for the rest of our lives  
?!  
You may think my lines are bad, and  
Throw my number in the trash  
But I can't let you get away  
So I won't leave until I say

Come home with me,  
Not just for tonight, but maybe for life  
We'll see!  
Come home with me,  
'Cause I just can't shake this until I'll make you see  
So come on, ho-ooooome home with me  
So come on, ho-ooooome home with me  
COME HOME WITH ME!

Let's make this a night to remember,  
Yeah to remember!  
We won't remember!  
Let's make this a night to remember,  
Yeah to remember!  
We won't remember!  
(2x)

COME HOME WITH ME!  
Not just for tonight, but maybe for life  
We'll see!  
Come home with me,  
'Cause I just can't shake this until I'll make you see  
So come on, ho-ooooome home with me  
So come on, ho-ooooome home with me  
COME HOME WITH ME
