

# Never Be You

Guy Sebastian

I, I don't know what I should do coz the longer I go the more t  
hat I know I'm chasin shadows with you

And she is as sweet as she can be  
she's a real bombshell we get along well  
but something is incomplete

Somethins not right but nothins really wrong  
in my heart I can tell that I'm stringin her along tell me what  
should I do baby I hope your missin me to

Coz I can try I can try but I know I'll never I know I'll never  
fall or give her my all  
coz she'll never be you  
and I can lie I can lie and tell you that she's better  
but I'll always compare as long as I am aware  
that she'll never be you

She'll never be no she'll never be she'll never be no she'll ne  
ver be she'll never be no she will never be you

I know yes I know it's far from fair how I bought her perfume t  
he dress and the shoes the same that you used to wear  
If I can't get u off my mind I gotta let the girl go  
its wrong and I know I'm only wasting her time

Somethins not right but nothins really wrong  
in my heart I can tell that I'm stringin her along tell me what  
should I do baby I hope your missin me to

[Chorus]

She'll never be no she'll never be she'll never be no she'll ne  
ver be she'll never be no she will never be you

The harder I try the harder it seems  
and she would be perfect if she was in someone else's dreams  
so we sleep alone baby even when we sleep together

[Chorus x2]

She'll never be no she'll never be she'll never be no she'll ne  
ver be she'll never be no she will never be you
