

# Something Don't Feel Right

Guy Sebastian

Last night, I road round your house around eight,  
Lights out, no ride, closed gate  
I wonder why your hanging out late, (all depends) are you out w  
ith your friends  
(Next day) But I called to your phone, no answer; leave a messa  
ge at the tone,  
I'm not tryin' to trick, but it's only the fact that I know you  
won't call me back

A honey like you) might betray me, (a honey like you) been acti  
ng strangely, (a baby like you)  
You play me, play me, It's happening more and more lately

[Chorus]

Something that I just can't put my finger on, tiny pacific thin  
g you doing wrong, baby I can  
Feel it when you hold me tight  
Something Don't Feel Right, (Something Don't Feel Right)  
How am I supposed to put my trust in you, every time I turn aro  
und I'm busting you, baby I  
Can feel it when you hold me tight  
Something Don't Feel Right

Phone rings, your say you're with your girl at the club, but I  
called her and found her  
Alone, I'm guessing you didn't go alone to the club, I'm not st  
upid enough  
I won't believe your hanging out with your friends, I see you s  
hot gun in a Benz, 'cause I've  
Had enough, (no defense) in the end (though I'm just) being pla  
yed in the end

[Chorus]

A baby like you) would drive me crazy, (a honey like you) try t  
o train me, (a honey like you)  
Would you play me baby  
Wonder if you love or hate me?

[Chorus: x2]

Something don't feel right.
