

# Vesuvius

Guy Sebastian

See the smoke rings climbing  
From the things we're hiding  
Who is hiding here?  
We can circle round  
And like we both don't feel it  
But it's always there, ooh, yeah

Should we be lovers? Should we even do this?  
Should we let the sleep and tie the lie?  
'Cause this could destroy us or be the best thing for us  
I'm not ready for ya'

Vesuvius, Vesuvius  
Are you sure you wanna wake it up?  
Vesuvius  
We know there's no going back  
Vesuvius  
Are you sure you wanna wake it up?

Bottled up in emotions  
Could start a commotion  
We'll find out tonight (we'll find out tonight)  
No other high could match this  
Turn us both to ashes  
In a blink of an eye, ooh, yeah

Should we be lovers? Should we even do this?  
Should we let the sleep and tie the lie?  
'Cause this could destroy us or be the best thing for us  
I'm not ready for ya'

Vesuvius, Vesuvius  
Are you sure you wanna wake it up?  
Vesuvius  
We know there's no going back  
Vesuvius  
Are you sure you wanna wake it up?  
Vesuvius

Volcano, no brain, no  
At least after rain, we might see us a rainbow, yeah  
Vesuvius, nah-nah  
Issues to tissues, tears running like lava  
Everybody got problems  
But do you really need to solve 'em?  
'Cause I'm good if your good  
I don't know if it's good to be close to Vesuvius

Vesuvius, ooh, Vesuvius  
Oh, Vesuvius, yeah, yeah, yeah

Vesuvius, Vesuvius  
Are you sure you wanna wake it up?  
Vesuvius  
We know there's no going back  
Vesuvius  
Are you sure you wanna wake it up?

Vesuvius

Ooh, na-na-na-na, yeah

Ooh, na-na-na-na, yeah

Ooh, na-na-na-na, yeah

Ah, Vesuvius

Ooh, na-na-na-na, yeah

Ooh, na-na-na-na, yeah, yeah, oog
