

# Falling

GWAR

Falling - Falling

Falling

Away

Falling I'm falling I'm falling away  
Falling I'm falling though I'd love to stay  
Falling I'm falling and I feel just fine  
But as I am falling you cannot be mine

Falling - Falling

Falling

Away

Falling I'm falling don't know for how long  
Falling I'm falling it's not right or wrong  
Falling I'm falling but what's this I find  
At first I was falling now I'm going blind

Though I cannot see with my eyes sewn shut  
Thought I was falling but I'm going up  
Saw an angel with a devil's face  
Then, rows, of dog-like fangs snap into place  
Though I cannot see with my eyes sewn shut  
Think I'm going down but I'm throwing up  
Then, rows, of dog-like fangs snap into place

Falling I'm falling don't know for how long  
Falling I'm falling it's not right or wrong  
Falling I'm falling but what's this I find  
At first I was falling now I'm going blind... going blind
