

Fly Now

GWAR

He came from the place
Where all had gone wrong
They said he was weak
I said he was strong
I said come along...
Come along!

In this age of terror
In this age of man
Came a raging horror
Death was at his hand
Ancient was his wisdom
Boundless was his wrath
Endless was his torment
Shortened was his path

Rushing through the cosmos
See his soul unfurl
he was cruel yet somehow fair
Spurning turning twisting worm
But his dreams of glory
They can never die
There you see your Lord and Master
Streaking 'cross the sky
Oh won't you come with me
To the place where angels fear to fly
We'll ravage untold worlds
And split apart the sky
Oh yes there is a place
To make a devil cry
Oh won't you come with me
To the place where legends never die

Hate - Woe - Yes - No!
The fate of chaos
I don't want to go
No! - No! - NO! - No

Oh won't you come with me
To the land where angels fear to tread
We'll rip apart the sky
And have sex with the dead

Oh won't you come with me
To the place where angels fear to fly
We'll burn across the world
And split apart the sky

He - lived by the sword
He - became rather bored
He - held death at his hand
You - shall heed his command
I - he would stand and gape
As I taught him how to rape
He - had a pet goat
It - would rip out your throat
He was a brother to me
