

Hail, Genocide!

GWAR

They show you no mercy
They just show you a line
Call it a chaos, a curse, or a crime
call it what you will but I call it genocide

Genocide, genocide
Hail! Hail!
Genocide, genocide
Genocide, genocide
Hail! Hail!
Genocide, genocide
You know they're calling for a...
Genocide, genocide
Hail! Hail!
Genocide, genocide
You know you're falling for a...
Genocide, genocide
Hail! Hail!
Genocide, genocide
A lotta people died!

Aye, genocide, they say the don't do it
but you know they tell lies
Because the genocide is doing fine,
time after time after time after time
There's a dotted line, for you to sign
Making butchers out of babies, they do it all the time
Hail to genocide
You know they're calling for a

It's your duty to serve them
And it's your duty to die
It's so fun, gotta gun
You'll get money only some
Training on their death-games since you were a little child

Genocide, genocide
Hail! Hail!
Genocide, genocide
Genocide, genocide
Hail! Hail!
Genocide, genocide
You know they're waiting for a...
Genocide, genocide
Hail! Hail!
Genocide, genocide
You were created for a...
Genocide, genocide
Hail! Hail!
Genocide, genocide

And so it goes forever more
The soldiers go to war
The Generals hold the door
And no one's even keeping score
One thing they know, they know that they need more

Hail to genocide
You know they're waiting for a
Hail to genocide
You know they're waiting for a

It is your duty to serve them
And it's your duty to die
And when they ask you, when they ask you why
Tell them that you serve
The holy call of genocide

Genocide (8x)

Aye, genocide
If murder was music
I'd be a symphony of chimes
Cuz the genocide is doing fine
Gotta do what I do
To make a murder mine
Hail to genocide
You know they're waiting for a... (6x)
