

# Nothing Left Alive

GWAR

We turn to the sun  
To send power below  
And shackle the masses to the gleaming machines  
They burned the world  
We rose through the mud  
But they came back  
They brought with them blood

Nothing left alive  
Nothing left alive

We are the Pig-Children  
We live as slaves  
We serve the leader  
We die in waves  
Encircled the Earth in a blistering cage  
It became our grave

Nothing left alive Nothing left alive

The world it was burned by the breath of the sun  
They lived underground and stored food by the ton  
Until they returned  
Their weapons they burned

We serve the leader  
He's really a bleeder  
They come from dark caverns  
Return to dark places  
They give us orders  
We don't see their faces

We never lived  
We never tried  
Life is eternal  
We'll never die  
We don't know why  
Life is eternal  
We'll never die

We live! We live from day to day Always in this way

Encircled the Earth in a metal cocoon  
It glowed with the heat, there was no more room  
They need us as slaves so they keep us alive  
But if you want to eat - you must kill or die

Kill or die?  
WE LIVE  
Kill or die?  
WE LIVE  
We live from day to day Always in this way We live!
