GWAR

They won't talk but still they say

Well baby I got bills to pay  
Don't make me act that way?  
Don't make me  
Don't make me  
Don't make me

Please don't rape me  
Me Me Penis I see

You'd be surprised to discover  
My level of empathy I've gone from prey to victim  
Penis in me

Splattered face mouths wordless whys  
Fingerprints are on the eyes

Plugged her stinking where I left her  
That's where I kept her
