

Slap U Around

GWAR

I wake you up in the morning baby with a kick in the tit I treat you like shit!

You love it

Smack you right in the face now baby, just to show you I care

And then I kick you pregnant ass right down the stairs

Slap slap slap

All day.. All day,

every fucking day I pay the doctor bills baby,

so I'll break what I want I spend all my money in a fucking restaurant

I let you live in my house now woman,

I take you out on the town I want some payback now woman,

I get to slap you around

Slap slap slap
