

You Are My Meat

GWAR

You are a woman
I am a man
You are my meat
Get in the pan
You are my meat
So die like the rest
As I consume your flesh
It's all for the best

You are my meat
You are my fat
Don't try to fool me
By skinning a cat
Don't ever forget
You are my meat
Or I'll knock you sideways
Well into next week

Our lives together
Mean nothing to me
Draping my molars
Is where you should be
My gullet, my stomach
These lands you shall pass
Then you become shit
And explode out my ass

You are my meat
You are my meat
You are my meat
You are my meat
