

Crash

Gwen Stefani

Back it up, back it up
You got it, you got it

Put your hands up, put your hands up, put your hands up
Uh uh uh, you got it, you got it

Drive back baby to me, fast in your car
I'm here waiting, crash into me real hard
Drive back baby to me, fast in your car
I'm here waiting, crash into me real hard

I wander 'round the room and I'm getting things ready
I picture you driving just like Mario Andretti
I got the kush, Ketel One, waiting for your engine
Your Grand Prix attention, it's gonna be a party

Don't forget to make a U-turn
I see you left your blinker on
I got it rolled and ready here to burn
Meet me back at home, eh oh eh oh

Drive back baby to me, fast in your car
I'm here waiting, crash into me real hard
Drive back baby to me, fast in your car
I'm here waiting, crash into me real hard

Driving fast in your car
I've got you tracked on my radar

It's just such a trip how you're still my speed racer
You got me so addicted just like a free baser
(Free baser)
I want you all over me like L.A.M.B.
So get here A.S.A.P. it's gonna be a party

Drive back baby to me, fast in your car
I'm here waiting, crash into me real hard
Drive back baby to me, fast in your car
I'm here waiting, crash into me real hard

Now you know you're qualified
You're in the pole position
Put it in first gear, step on the pedal and drive fast

Back it up, back it up
You got it, you got it
Back it up, back it up
You got it, you got it

Put your hands up, put your hands up, put your hands up
Uh uh uh, you got it, you got it
Put your hands up, put your hands up, put your hands up
Uh uh uh, you got it

(I'm ready for you)
Drive back baby to me, fast in your car
(Me and you boo)

I'm here waiting, crash into me real hard
(Don't make me wait too long)
Drive back baby to me, fast in your car
(For me and you boo)
I'm here waiting, crash into me real hard

(I'm ready for you)
Drive back baby to me, fast in your car
(Me and you boo)
I'm here waiting, crash into me real hard
(Don't make me wait too long)
Drive back baby to me, fast in your car
(For me and you boo)
I'm here waiting, crash into me real hard
