

# Send Me a Picture

Gwen Stefani

Baby I'm wondering whatcha doing  
Are you laying in bed,  
And listening to music?  
Whatcha doing?  
Whatcha doing?

Are you looking online?  
Are you looking at me?  
Been thinking of you,  
Are you thinking of me?  
Whatcha doing?  
Whatcha doing?

I don't want to wait,  
Cause the anticipation is killing me  
I don't want to wait  
No, I don't want to wait

Send me a picture,  
Right now  
Send me a picture,  
Right now  
Whoa,

Cause I've been waiting such a long time,  
To get you right in front of these eyes  
Yeah, I've been waiting such a long time,  
Whoa,  
Cause I've been waiting such a long time,  
To get you right in front of these eyes  
Yeah, I've been waiting such a long time,  
Uh, send me a picture

Are you alone?  
Baby whatcha wearing?  
Send a little something,  
I could stare at  
Won't you show me?  
Are you lonely?

I wanna see you right now with no filter  
Take another snapshot in the mirror  
Won't you show me?  
Are you lonely?

I don't want to wait,  
Cause the anticipation is killing me  
I don't want to wait  
No, I don't want to wait

Send me a picture,  
Right now  
Send me a picture,  
Right now  
Whoa,

Cause I've been waiting such a long time,

To get you right in front of these eyes  
Yeah, I've been waiting such a long time,  
Whoa,  
Cause I've been waiting such a long time,  
To get you right in front of these eyes  
Yeah, I've been waiting such a long time,  
Uh, send me a picture

So show me what you're doing, boy  
I wanna see what you're doing, boy  
Whoa,

Send me a picture,  
Right now  
Send me a picture,  
Right now  
Whoa,

Cause I've been waiting such a long time,  
To get you right in front of these eyes  
Yeah, I've been waiting such a long time,  
Whoa,  
Cause I've been waiting such a long time,  
To get you right in front of these eyes  
Yeah, I've been waiting such a long time,  
Uh, send me a picture

So show me what you're doing, boy  
I wanna see what you're doing, boy  
Whoa,
