

Anytime

Gyllene Tider

Anytime, when I need a helping hand,
a friend, when I'm feeling blue,
I can count on you,
cause I know you will be by my side

Anyday, when the sun has turned away,
I'm cold, and feeling alone,
I know you'll stand by me,
yes I know you will be by my side

Anytime, I close my eyes
Anytime, I close my eyes

Anytime, when you need a helping hand,
a friend, to find a reason to live,
trust in me,
you know I will be by your side, anytime
