

Catch Me If You Can

Gym Class Heroes

Let's go

R: Oh hey, Well I'll be damned
I've been around the world and back again
From Japan and Amsterdam,
With a ticket in my hand, singing
Catch me if you can, catch
Catch me if you can
Oh yeah, well I'll be damned
I've been around the world and back again
From Japan and Amsterdam,
With a ticket in my hand, singing
Catch me if you can, catch
Catch me if you can

What kind of fuckery has been required lately,
It seems like these MC's heads need deflating,
And I'm gonna play the pin cause I've been waiting,
Now make my mark on pop culture from my generation,
80s babies from the age of Nintendo,
Transformers, ninja turtles, hungry hippos,
GI joes, phot, can't forget the clothes
Kangaroos with the zipper had a couple those
Breaking into heavy spinning on my elbows,
Couldn't get out my shell toes if hell froze
R.I.P. JF, Jayazia, Jeraldine, Monique, Auntie Annie, Grandma Christine, Unc
le Bobs, Mickey, Sharron and Tito.
You know I miss you more then Shaq miss free-throws, that's a lot
You put it back in the air, when the wee's [whistle] gone
Reminiscing bout when we were young, but now we've grown

R:

C'mon you all
Let's talk about the scene for a minute,
I know we ain't been seen in a minute,
We left it for a minute now we all up in it
Baby boy if you've got them big dreams go and get it,
Never been the type with tight jeans, I wont fit it
When I see those scene girls, bet they all gonna get it
And I'm living clean
Now a lot of you all won't get it
Now it's mean but I don't give a damn if you all don't get it
So fresh and so clean in my new jean
While I'm laughing at the bacon, you're all crying a the clinic
I read a couple blogs and they had my ass livid
But now I've got my own to whirl, gotta live with it
Never played basketball, but I could show you how to dribble
Make your moves in that black hatch back Honda Civic
Like I did in high school, wishin' I could relive it
But I can't so let's go on, give the hook a revisit.

R:

Maybe I'm wrong,
But after 26 years I feel I've payed my dues
So when you play this song,

Just know that I live my life the way I choose,
And now I stand here proudly in L.A.
At a sold out crowd
And when no one's around
I refuse, to be as inferior to you

R: (2x)

Oh hey
Ha ha ha
Yeah
Ha ha ha
