

Stuck

Gyptian

Na na na oh
She's stuck in my mind, sexy lady, ooohh
I can't erase your memory from my first time
No matter how I try to sleep it away, ooohh
It's the first thing when I wake up my mind

If this is magic, then that is
Cause I'm feeling love
I got to have it, I feel it
Cause this is love

She's stuck in my mind, sexy lady, ooohh
I can't erase your memory from my first time
No matter how I try to sleep it away, ooohh
It's the first thing when I wake up my mind

She's stuck in my mind, sexy lady, ooohh
I can't erase your memory from my first time
No matter how I try to sleep it away, ooohh
It's the first thing when I wake up my mind, my mind

I got to love you, baby, ooohh
And the same thing you feeling for me, for me
I wan to love you, lady, ooohh, ooohh
And I know you feeling the same, oh oh oh

Wait, soon, keep me going on for my, my love
I keep on wanting more
Wait, soon, keep me going on for my, my love

She's stuck in my mind, sexy lady, ooohh
I can't erase your memory from my first time
No matter how I try to sleep it away, ooohh
It's the first thing when I wake up my mind, my mind

Ohh, Yeah, oh oh oh, yeah, uh, ah, ohoo
