

## All Season Love

H-Blockx

Did you hear the summer say:  
"Nothing's right when you're away?"  
Did you ever feel the same?  
Did you ever feel like me?

Take a breath and soothe the fright,  
And try to keep the wind from blowing out the light!  
Did we ever feel this way?  
Did we ever feel the same?

Somebody'll say so - believe me - until this summer is set  
Somebody'll say so - believe me - within these arms of mine  
Somebody'll say so - believe me - until this summer is set  
Somebody'll say so - believe me - within these arms of mine

Gimme some time to prove the fall  
And I'll provide the answers, till the winter calls!  
Will I ever feel this way?  
Will I ever feel the same?  
YES!

Somebody'll say so - believe me - until this summer is set  
Somebody'll say so - believe me - within these arms of mine  
Somebody'll say so - believe me - until this summer is set  
Somebody'll say so - believe me - within these arms of mine
