

I Believe

H-Blockx

Give me a reason Why it's time to call it quits Give me a reason
And I don't believe a bit Give me a reason To never let you go
Give me a reason I've always told you so

I believe, yes I believe...

Refrain: I believe in me and you

Give me a reason For the need of changing me Give me a reason I
'll never change indeed Give me a reason and I will call it quits
The mirror might be broken but I know how to fix it

I believe, yes I believe...

Refrain: I believe in me and you

Four seasons in a year One reason makes it clear I'm not the one
receiving I guess you don't oppose I know we're getting close
I'm the one retrieving

'Cause I believe!

Refrain: I believe in me and you
