

## Half A Heart

H & Claire

Half a heart to love you  
Half a heart to love you

Yesterday you said you loved me  
Today you're not thinking of me  
I don't believe love  
Is supposed to be this way

First of all you wanna hold me  
Baby then you hot and cold me  
Acting like nothing's wrong  
And everything's ok

You just can't decide  
Then you wonder why...

I've got half a heart to love you  
Half a mind to leave  
Torn between what I want  
And what I need  
I'm completely divided  
Now it's me that's undecided  
That's the way it is  
You get back what you give  
Only half a heart

So do your Jekyll and Hyde thing  
Your out of sight is out of mind thing  
Then come on back and try to  
Save it with a kiss

I'm not the kind you take for granted  
Not good at second chances  
And if I go you know exactly what you'll miss

Oh you make me cry  
Then you dry my eyes...

Now I've got half a heart to love you  
Half a mind to leave  
Torn between what I want  
And what I need  
I'm completely divided  
Now it's me that's undecided  
That's the way it is  
You get back what you give  
Only half a heart

You're everything I dreamed of  
Half the time (Half the time)  
You're so start and stop  
Oh baby I'm thinking that I might  
Be hopelessly in love with you  
And then I'm not.

I've got half a heart to love you  
Half a mind to leave

Torn between what I want  
And what I need  
I'm completely divided  
Now it's me that's undecided  
That's the way it is  
You get back what you give  
Only half a heart
