

Children of the Fall

(həd) p.e.

The writing's on the wall
Can you hear the call
Time for us to rise
Children of the fall

We won't go away - We will stand up tall
Time for us to rise - Children of the fall

I will not cease - Will not desist
I must refuse - I must resist
No more secrets - No more lies
No more crying - No compromise

Never again - Never, never again
Let the old world die
Let the new one begin

No more fear - Right and right now
A time for change
Can you feel the power?

The writing's on the wall...

We will not rest - We will not give in
We won't accept - The world we live in
No more victims - No time to cry
This war is for control of your mind

Never again - Never, never again

The writing's on the wall...

Rise! Reach and touch the sky
Don't believe the lies
Don't forget where you come from
We'll make it if we try

...Just spread your wings and fly...
