

Get Away

(həd) p.e.

Why should I stick around
When no one understands me
Why should I stick around
When no one really cares
Why should I stick around
I hate the walls around me
Why should I stick around
It's just like I'm not there

CHORUS

I wish that I could fly
Why do I even try
When everything I've ever known
Is kissing me goodbye
I wish that I could fly
I'd take you there with me
Across the sky
Beneath the veil
We all want to be free

Why should I stick around
I know I don't belong here
Why should I stick around
It'll never be the same
Why should I stick around
Nothing ever grows here
Why should I stick around
I'm tired of this game

CHORUS

Just get away, get away, get away, get away
Get away, get away
Get away from me
Just get away, get away, get away, get away
Get away from me
Stay the fuck away from me
Why should I stick around
When someone might get hurt
Why should I stick around
When everything is shit
Why should I stick around
When no one understands me
Why should I stick around

I know there's something better for me...

CHORUS

Just get away, get away, get away, get away
Get away, get away
Get away from me
Just get away, get away, get away, get away
Get away from me
Stay the fuck away from me
